

Environmental Policy

Michelmersh Brick UK Ltd is committed to the prevention of pollution in order to protect the environment and commits all employees to the requirements of its environmental systems. Our group policy is to:-

- Comply with all applicable legal and other requirements concerning our environmental aspects.
- Reduce our Greenhouse gases in line with our government targets.
- Seek to continually improve in all areas of our production by targeting, monitoring and reviewing our environmental aspects and impacts and by reviewing our management systems on a regular basis.
- Adopt best practice to prevent accidents and pollution, minimise waste and ensure prudent use of resources and raw materials including gas, electricity and water and where possible source sustainable materials from ethical suppliers.
- Reduce, reuse, recover and recycle waste.
- Identify and manage any key areas of risk.
- Have arrangements in place to respond to all foreseeable incidents and emergencies.
- Ensure our staff are adequately trained and aware of their individual responsibility to help meet the requirements laid out in this policy.
- Carry out audits both internally and externally to remain compliant.
