

## Top Clean FLAT – Compact and Ultra-Flat

This robust, compact and ultra-flat all-purpose ribbed carpet mat with a height of only 10 mm can be laid unsupported. We recommend this version for inside and covered outside areas. Top Clean FLAT mats feature anti-noise and anti-slip properties due to PE-foam coating on the base of the mat. Safely accessible thanks to a built-in aluminium frame with ramped edges. Dirt trickles through the profiles in this open construction.

<b>Aluminium Profile and Frames</b>	Warp resistant aluminium profile (alloy EN AW 6060) for fully supported laying on plane floor, built-on frame with ramped edges for safe accessibility.
<b>Upper</b>	Ribbed carpet: UV-resistant heavy-duty polypropylene, slip resistance properties R 11 conforming to <b>DIN 51130</b> (German Industrial Standard), fire-resistant Cfl-s1 conforming to <b>DIN EN 13501-1</b> (German Industrial Standard). *Ribbed carpet: Available on request in certified quality according GREEN LABEL PLUS.
<b>Underside</b>	Slip resistance and noise reduction due to bonded PE-foam.
<b>Profile Spacing</b>	Top Clean FLAT 10 mm: 5 mm.
<b>External Dimensions</b>	ca. 65 x 47 cm.

Compact and ultra-flat

Top Clean FLAT entrance mats are packed individually for a perfect product presentation.
