always chair

design

Always' easy form has been designed to compliment any interior no matter what the style; the 5 different base options facilitate this even further. Always is meticulously proportioned to offer a positive back support with a comfortable enclosed feeling. The organic form of Always feels as good as it looks from every angle; it uses contemporary engineered foam techniques to provide the fine shape without compromising comfort and durability. Always has been engineered for beautiful upholstery whatever the fabric or leather.

technical

Always is meticulously upholstered to ensure the cover will remain neatly tailored to the product. Always is upholstered over an engineered foam core a top a steel frame for firmly affixing all 5 different base options. There are 4 base options made from polyester powder coated steel, also available with a bright chrome finish. The timber base is constructed with moulded plywood components. *All dimensions quoted are rounded to the nearest 5mm or nearest 1/2 inch.

Always chair designed by naughtone

general manufacture description

The Always chair body is a moulded foam shape. This has an internal steel frame for structure and secure connection to the base. The shell is meticulously upholstered to ensure the cover will remain neatly tailored to the product.

The timber base is constructed with ply laminated solid Oak. The timber is sealed with spray matt lacquer. The Always seat and base are assembled together by hand using minimal fixings and can be easily disassembled if necessary.

facts

- 100% FSC certified timber
- naughtone is FISP and ISO14001 certified
- 9.9kg Total weight
- 56% Recyclable (steel frame, foam, fixings, & feet)
- 35.5% Compostable (plywood frame & base)
- 16.1% Recycled content (steel frame, chip foam & fixings)
- 35.5% Reuseable content
- 72.1% Recycled & Recyclable content

contents

- Foam core - 43.5%
- Base (moulded ply) - 29.4%
- Internal steel frame (mild steel) - 12.1%
- Fabric - 8.5%
- Internal plywood frame (beech ply) - 6.1%
- Feet (polypropylene) - < 1%
- Fixings (mild steel) - < 1%

general manufacture description

The Always chair body is a moulded foam shape. This has an internal steel frame for structure and secure connection to the base. The shell is meticulously upholstered to ensure the cover will remain neatly tailored to the product.

The Always chair swivel base is cut from mild steel plate and mild steel tubing. A separate swivel mechanism is pressed into the top of the tube before the top plate is attached. The base is then finished with either chrome plating or polyester powder coat. The components can be separated with hand tools for end of life recycling.

facts

- 100% FSC certified timber
- naughtone is FISP and ISO14001 certified
- 12.7kg Total weight
- 88.7% Recyclable (internal steel frame, base, foam, fixings & feet)
- 4.7% Compostable (plywood frame)
- 40.2% Recycled content (internal steel frame, base, chip foam & fixings)
- **128.9% Recycled & Recyclable content**
