design

naughtone's classic sofa system is characterised by the buttoned seat and scooped back. The Portion sofa has morphed into many guises and has been used in almost every soft seating environment imaginable. From schools and offices to homes and bars, portion always looks like the high quality design classic it is, with a unique contemporary edge to boot. Whenever you need soft seating, the portion sofa can offer the solution.

technical

The main body of the portion range is constructed with FSC certified hardwood and CMHR foams. The two base options are made from hand polished stainless steel and FSC certified hardwood. *All dimensions quoted are rounded to the nearest 5mm or nearest 1/2 inch.

Portion range designed by naughtone

general manufacture description

The portion is available in a range of sizes and finishes, for the purpose of this document we have a specific example from the range:

Portion 3 seat sofa with a stainless steel sled base
POR-3-2A (sled base)

Please use the material index and the breakdown of component mass below to establish the environmental qualities of other finish options in this range.

Portion inner frame is constructed from FSC certified hardwood and CMHR foams. The sled base is handmade from stainless steel bar, then weld jointed together and brush polished by hand.
