

nomoweco® ShockSafe

RECYCLED ARTIFICIAL GRASS

Our 25mm, 35mm and 45mm Eco ShockSafe boards are designed to be installed under nomow artificial grass and provide protection for children using play equipment. All of our Eco ShockSafe Boards have been independently tested to European Standard EN 1177:2008.

All of our Shockpad Boards are compatible with any Nomow Artificial Grass. They are also suitable to be used outdoors and are certified for use on tarmac, concrete and subsoil surfaces.

- Critical Fall Height Protection
- Excellent Price
- Excellent Drainage Properties
- No Maintenance
- Simple Installation
- 100% Recycled and Recyclable
