All About Flooring. All About You.

noraplan® stone ed

By nora flooring systems UK Ltd

Detailed description

A high performance, electrostatically dissipative, rubber flooring tile with discreet, non-directional scatter design and a reflection-breaking surface structure. noraplan® stone ed gives optimum ESD protection of electronic devices and equipment, and protection against electrical shock.

Largely resistant to oils and greases.

A 10 year warranty on the electrostatic properties of the flooring is available.
