

x-stream

X-STREAM is a premium UK designed monitor arm solution, suitable for the most demanding requirements as to quality, appearance and ergonomics.

X-STREAM consists of a series of interchangeable modular components, providing the user with complete flexibility in adapting the configuration to suit their exact requirements.

At full extension X-STREAM provides a reach of 450mm, folding back on itself into a space of 40mm. Standard height adjustment ranges from 270mm – 410mm, with an additional ± 70 mm via the optional front end height adjustment ratchet mechanism.

X-STREAM is available with desk clamp, through desk and tool rail fixings and a dual arm base adapter for mounting two monitors to a single base pillar

USPs

- Quick assembly for easy installation
- 98% recyclable
- Lockable quick release VESA function
- Unique load range from 0-20KG
- 450mm at full extension
- Additional tool rail option

technical

At full extension X-STREAM provides a reach of 450mm, folding back on itself into a space of 40mm. Standard height adjustment ranges from 270mm – 410mm. However this can be extended by an additional 70mm with the use of an optional front end height adjustment ratchet mechanism.

X-Stream is available in Silver, White & Black

Soft touch tactile height adjustment lever

Optional height adjustment ratchet mechanism

Tilt & rotate screen mount featuring a lockable quick release function

Metallic head mechanism highlighting the easy to use tension adjustment

X-Stream fitting

Available with desk clamp, tool rail and through desk fixings.

X-STREAM comes as standard with quick release VESA mount for quick and easy screen interchange. Integral cable management, spanning the entire arm from desk to screen provides the user with a clutter free environment.
