

ORLHP2 - Hamptons Up & Down Wall Fixture

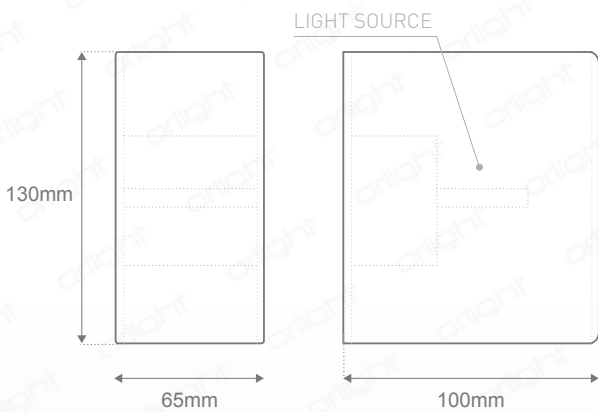

Description

Part of the Hamptons Collection this stunning wall fixture is finished with golden colour inlay and integrated 6W Rebel LED chipset. The fixture provides a wonderful up & down lighting effect with Warm White LED source and high CRI greater than Ra>80 whilst the internal finishing provides a golden quality to the light. Furthermore with a light output of ~450 Lumens and Lumen Per Watt Ratio of 75, this low energy fixture is highly efficient as well as Part L compliant. The fixture features an integrated LED power Supply Unit allowing for a direct 240V input and facilitating ease of installation.
