

Larcore Aluminium Honeycomb Panels

Introduction: Panel Systems Ltd are pleased to introduce our range of Larcore Aluminium honeycomb panels. Panels are supplied from stock at our factory in Sheffield and can be delivered throughout the UK and beyond. Larcore panels are a strong, lightweight solution which can be used for a variety of applications including transport, industrial, marine, ships, trains, elevators, buses and aircraft.

Composition: Larcore panels are manufactured from a 3/8" (9,52mm) / 70μ aluminium honeycomb faced each side with 1mm primed aluminium. All panels are supplied with a removable protective film to the external face. Note: 6 & 10mm panels have a 0.5mm internal face.

Stock sizes: Our stock panel sizes are detailed below. Bespoke sizes up to 6250mm long are available to order.

Sheet size	Thickness	Unit
3120 x 1500mm	6mm	Per sheet
3120 x 1500mm	10mm	Per sheet
3120 x 1500mm	15mm	Per sheet
3120 x 1500mm	20mm	Per sheet
3120 x 1500mm	25mm	Per sheet
1500 x 1000mm	6mm	Pack of 3 sheets
1500 x 1000mm	10mm	Pack of 3 sheets
1500 x 1000mm	15mm	Pack of 3 sheets
1500 x 1000mm	20mm	Pack of 3 sheets
1500 x 1000mm	25mm	Pack of 3 sheets
1500 x 1000mm	30mm	Pack of 3 sheets

Fabrication facilities: From our extensive fabrication facilities in Sheffield, we can offer Larcore panels cut to size and CNC machined using one of our 3 & 5 axis routers. Our in-house CAD department can utilise customers own cad drawings to help create specific details for your given application.

Technical: More detailed technical information and data sheets are available from the office or can be downloaded from our website in pdf format.
