Oriental Collection

Tufted Pile Carpets

Paragon A Division of National Floorcoverings Ltd produce a range of tufted carpets suitable for office and commercial areas, colleges, education and public sector residential.

Oriental Collection

Cushion backed option is made from 90% post-consumer material which has been reengineered from millions of discarded drinking water bottles.

A range of 7mm thick tufted loop pile carpet tiles manufactured with 100% Solution Dyed Nylon. Designed for use in most building situations, it is particularly suitable for commercial and leisure use, and other heavy contract applications, including computer rooms. Oriental Collection is available in 2 different designs, each one having 10 colourways , 20 pattern options. Oriental Collection is also available in tile with a recycled cushion backing. Consult Paragon by Heckmondwike Ltd for technical literature and to obtain samples.

Preparation: This item can usually be deleted when the base is new and is mainly intended for existing surfaces. Consult Paragon by Heckmondwike Installation Guide for recommendations and see clauses 40 to 45.
