

After

When the **original and best solution** will cost you less than you think, it's time to do things properly.

Pendock it

Are you still wasting time and money with site made pipe boxing and boiler casings?

Social Housing providers across the UK have been reaping the benefits of Pendock's pre-formed and pre-decorated plywood boiler casings since 1987:

- **At least 65% quicker installation** than site made alternatives
 - *doesn't require multiple trades or on-site decoration*
 - *saving you time and money*
 - *helping you to professionally complete jobs - faster*
- **Consistently smart** uniform finish on every project
- Formed from **solid and durable** 8mm ply-wood
- **Hardwearing and easy clean** surface finishes
- **Simple to install**
 - *can be easily and cleanly cut down to suit site requirements*
 - *new easy fix wall mounting channel now available*
- Provides **easy access** for maintenance and annual servicing
- **Fits standard** boiler sizes

Before

PENDOCK

Boiler Solutions

Boiler Casing Range:

- **Available in** lengths of 500mm (individual installation) and 2500mm (cut down for multiple installations)
