Brunel Close, Century Park,  
Wakefield 41 Industrial Estate,  
Wakefield, WF2 0XG.

The podiums visible colour makes it stand out in a busy work environment, whilst a captive ladder, locking gate and in-line castors give it integral benefits. Working at height is made safer with the non-slip platform deck and tread, and anti-slip feet. The podium is also chemical, weather and spark resistant.

---

#### Specification

Platform height	950mm
Working height	2095mm
Overall height	2000mm
Working platform	607 x 625mm
Deployed footprint	1405 x 745mm
Stowed dimensions	2000 x 745 x 365mm
Safe working load	150kg
Weight	42kg
