

Bonded Rubber Mulch

Playforce

making playtime fun

Range: Surfacing & Pathways
Code: PSURBRM

Bonded Rubber Mulch gives the following Critical Fall Height for each thickness:

50mm thickness - 1.5m

70mm thickness - 2.1m

95mm thickness - 2.5m

135mm thickness - 3.2m

Bonded Rubber Mulch is constructed from recycled shredded tyres combined with a flexible bonding agent. The mouldable nature of the product allows for intricate shapes and contours to be created. Bonded Rubber Mulch is available in a broad range of colours to create natural looking spaces.
