Edge - Chiaro, Argento and Lino 150 x 600 mm

Edge

Concrete Collection

Edge is an exciting and highly functional concrete-effect range featuring eleven cool shades. Large formats, in 1600 x 3200 mm and 1200 x 2400 mm sizes, create minimal grout lines, a look synonymous with natural concrete. As a contemporary backdrop, Edge features a soft concrete finish and can be specified for use on floors, walls and countertops, adding to the illusion of a single uninterrupted surface. Supplied with Natural, Honed, Grip and Structured finishes, Edge is suitable for use throughout a development, including high-traffic areas, kitchens and wet rooms. A 20 mm Grip option also makes it ideal for alfresco living and rooftop bars. With ten practical sizes, Edge fits perfectly with today's trend for exposed building materials and pared-down interiors.

Size Guide (mm)

Edge Special Pieces

The strength of concrete is enhanced further with the addition of thoughtful decorative options within the Edge range. The regular 150 mm x 600 mm tile can be used to add interest to monotone schemes. Two standard Mosaic tiles are also available in 48 mm x 48 mm and 25 mm x 48 mm chip sizes, each supplied on a 300 x 300 mm mesh.
