Timeless

Stone Collection

A subtle interpretation of natural stone and available in five neutral tones, Timeless is an enduring and atmospheric range, exclusive to our Stone Collection. With its five sizes and three finishes, Timeless has the charm for contemporary living and the strength for larger commercial spaces. Available in Natural, Polished and Structured (R11 slip rated) finishes, Timeless is ideally suited to both indoor and outdoor applications. The Structured finish in particular, with its precise ridges, is ideal for a wet room or pool complex and has helped Timeless become one of our most popular collections. Timeless is also accompanied by imposing decorative pieces, including the three-dimensional surfaces of 'Muretto' and unique to this range, '3D Design'.
