ULTION ***

Welcome to Residor

RESIDOR a new name in GRP composite doors from the makers of Solidor

Residor is the most secure GRP composite door on the market. It is so secure that it already meets PAS24:2016 and is Doc Q ready; accreditations that seven out of ten composite doors on the market fail to meet!

We have a full hardware and glass range at the back of the brochure, giving you the choice to mix and match those finishing touches to create your bespoke Residor.
