## SPECIFICATION

- Height:** 1200, 1400, 1500, 1600, 1800 or 2000mm
- Width:** From 500mm to 100m in one run – width built to requirement (subject to material restrictions). Longer lengths split into equal module sizes.
- Outer oval post:** 130 x 70mm brushed aluminium in natural with option for powder coat finish.
- Colour trim in oval post:** Black or timber effect.
- Horizontal frame:** Brushed aluminium in natural with option for powder coat finish. Frame locks into outer oval frame.
- Radius of curve:** Any radius to requirement (subject to material restrictions).
- Free standing feet:** Oval steel feet 400mm x 150mm, in black or silver powder coat finish. Floor fix feet available on request.
- Inner panels:** Options  
 - Glazing – translucent/smoked/clear  
 - Laminate  
 - Metal  
 - Timbers  
 - Fabric  
 Solid panels can have different colours on reverse.
- Linking facility:** To create unlimited lengths runs with facility for 2, 3 or 4 way junctions at every post.
- Flexibility:** Easily unlocked and moved to relocate elsewhere or broken down for minimal storage. Inner panel can be changed for different colour, material or height for future changes.
- Delivery:** Installed on site. Our own vehicles assure that goods arrive in the condition they left our factory and are ready for use.

For options on our full range of colours and finishes see our standard selector sheet.
