

Evolve

ENHANCED FUNCTIONALITY WITH INTUITIVE ADJUSTMENT

by **Senator**

Design Paul Brooks

With the design of Evolve we focused upon intuitive comfort and simple user adjustment. The inclusion of flexible seat and back membranes enhance comfort and flexibility whilst also delivering excellent thermal benefits to the user. A comprehensive suite of dimensional adjustments and a progressive synchronous tilt action complete the solution.

STANDARD FEATURES

- Progressive synchronous tilt action featuring a multi position back lock, with anti-kick feature, and side tension adjustment
- Seat depth adjustment
- Selectable forward tilt
- 150KG user rating

OPTIONAL FEATURES

- Adjustable lumbar support
- Height adjustable arms
- Multifunctional arm pad
- Polished aluminium base
- The back membrane can be specified with either an Airflow mesh cover or with a slimline upholstered panel
- Castors for hard and soft floor coverings

FINISH OPTIONS

- Moulded plastic components are available in Black
- 3D Airflow mesh back is available in White Grey, or Black
- Back membrane is available in either a Black or translucent colour
- Polished aluminium arm carriers
- Evolve can be upholstered in a broad range of contract upholstery fabrics, vinyls and leathers from The Senator Group standard upholstery collection
