SILVA
TIMBER PRODUCTS

Quality, Innovation, THE SILVA STORY Expertise

From our humble beginnings working from a one bedroom flat, Silva Timber has grown to become one of the UK's leading importers and manufacturers of speciality timber products.

Over the past two decades we've developed close relationships with some of the best sawmills and manufacturers in the industry, with just one aim – to offer the highest quality timber products at the most competitive prices.

Now with two locations in West London and Cheshire, Silva Timber has developed a reputation for excellence and innovation. Our dedicated team are passionate about the products and service we offer and are proud to have worked with some of the most prestigious names in the world of architecture and design.

Timber Cladding

TIMBER CLADDING

**Beautiful, versatile, durable
- perfect for traditional or
contemporary architecture**

Timber cladding provides the perfect finish for any building project, bringing a warmth and style that simply can't be achieved using man-made products alone.

Our Range

- Accoya®
- Siberian Larch
- ThermoWood®
- Western Red Cedar

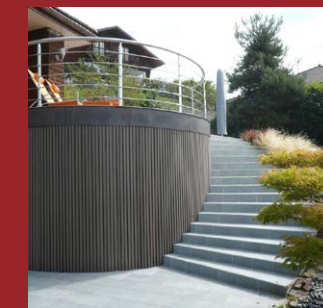

Neolife® Cladding

NEOLIFE® CLADDING

A unique wood-based composite with outstanding properties

Neolife® cladding provides the perfect blend of eco-friendliness, practicality, durability and good looks.

- Contains over 80% wood fibre
- Exceptional fire rating for such a high wood fibre content (Cover 6 cladding fire rated to Euro Class B)
- Lightweight and easy to install
- Rot proof – does not absorb moisture
- UV stable – maintains colour over time
- Virtually maintenance free

Sansin®
SANSIN®

Naturally Perfect® Wood Protection

Sansin® is the global leader in environmentally friendly wood protection. An innovative research and development program has enabled Sansin® to develop the best performing, most beautiful water-borne wood finishes in the world.

- High performance solutions for all wood applications – interior and exterior
- High quality pigments create beautiful and long lasting colour
- The choice of leading architects and used on many prestigious projects across the globe
- Zero or low VOC content

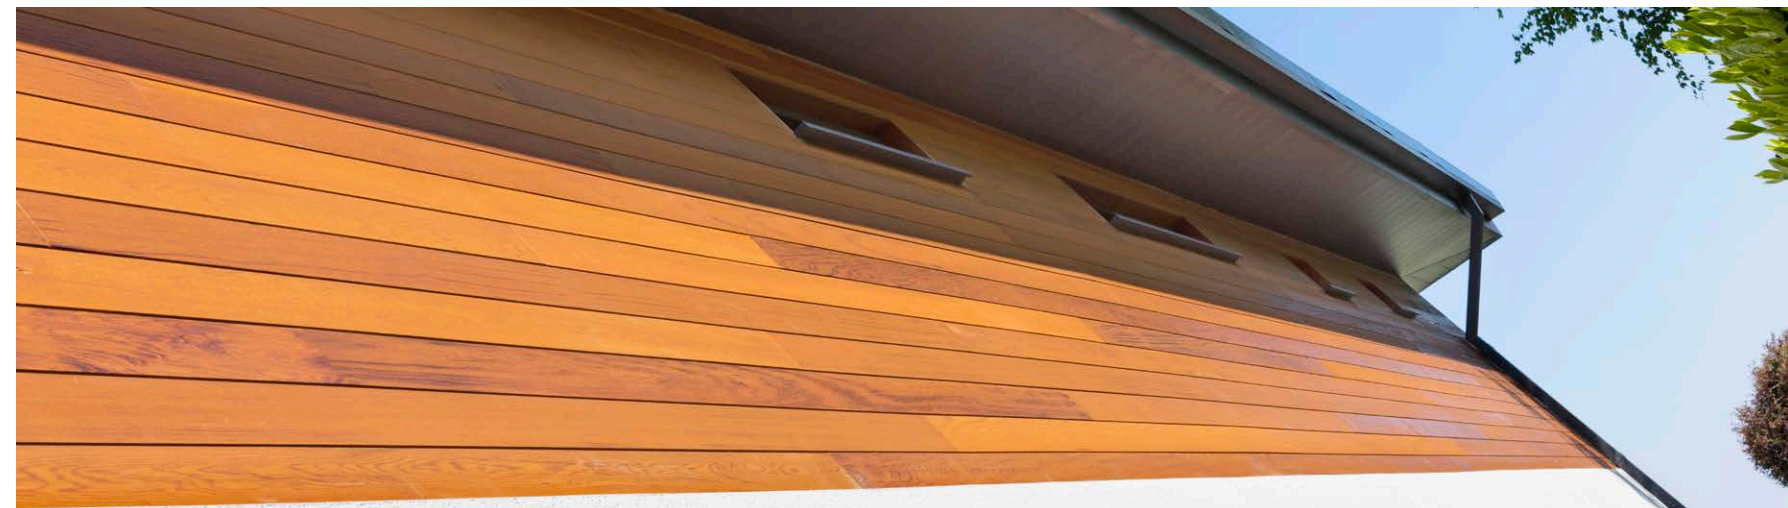

Factory Coating

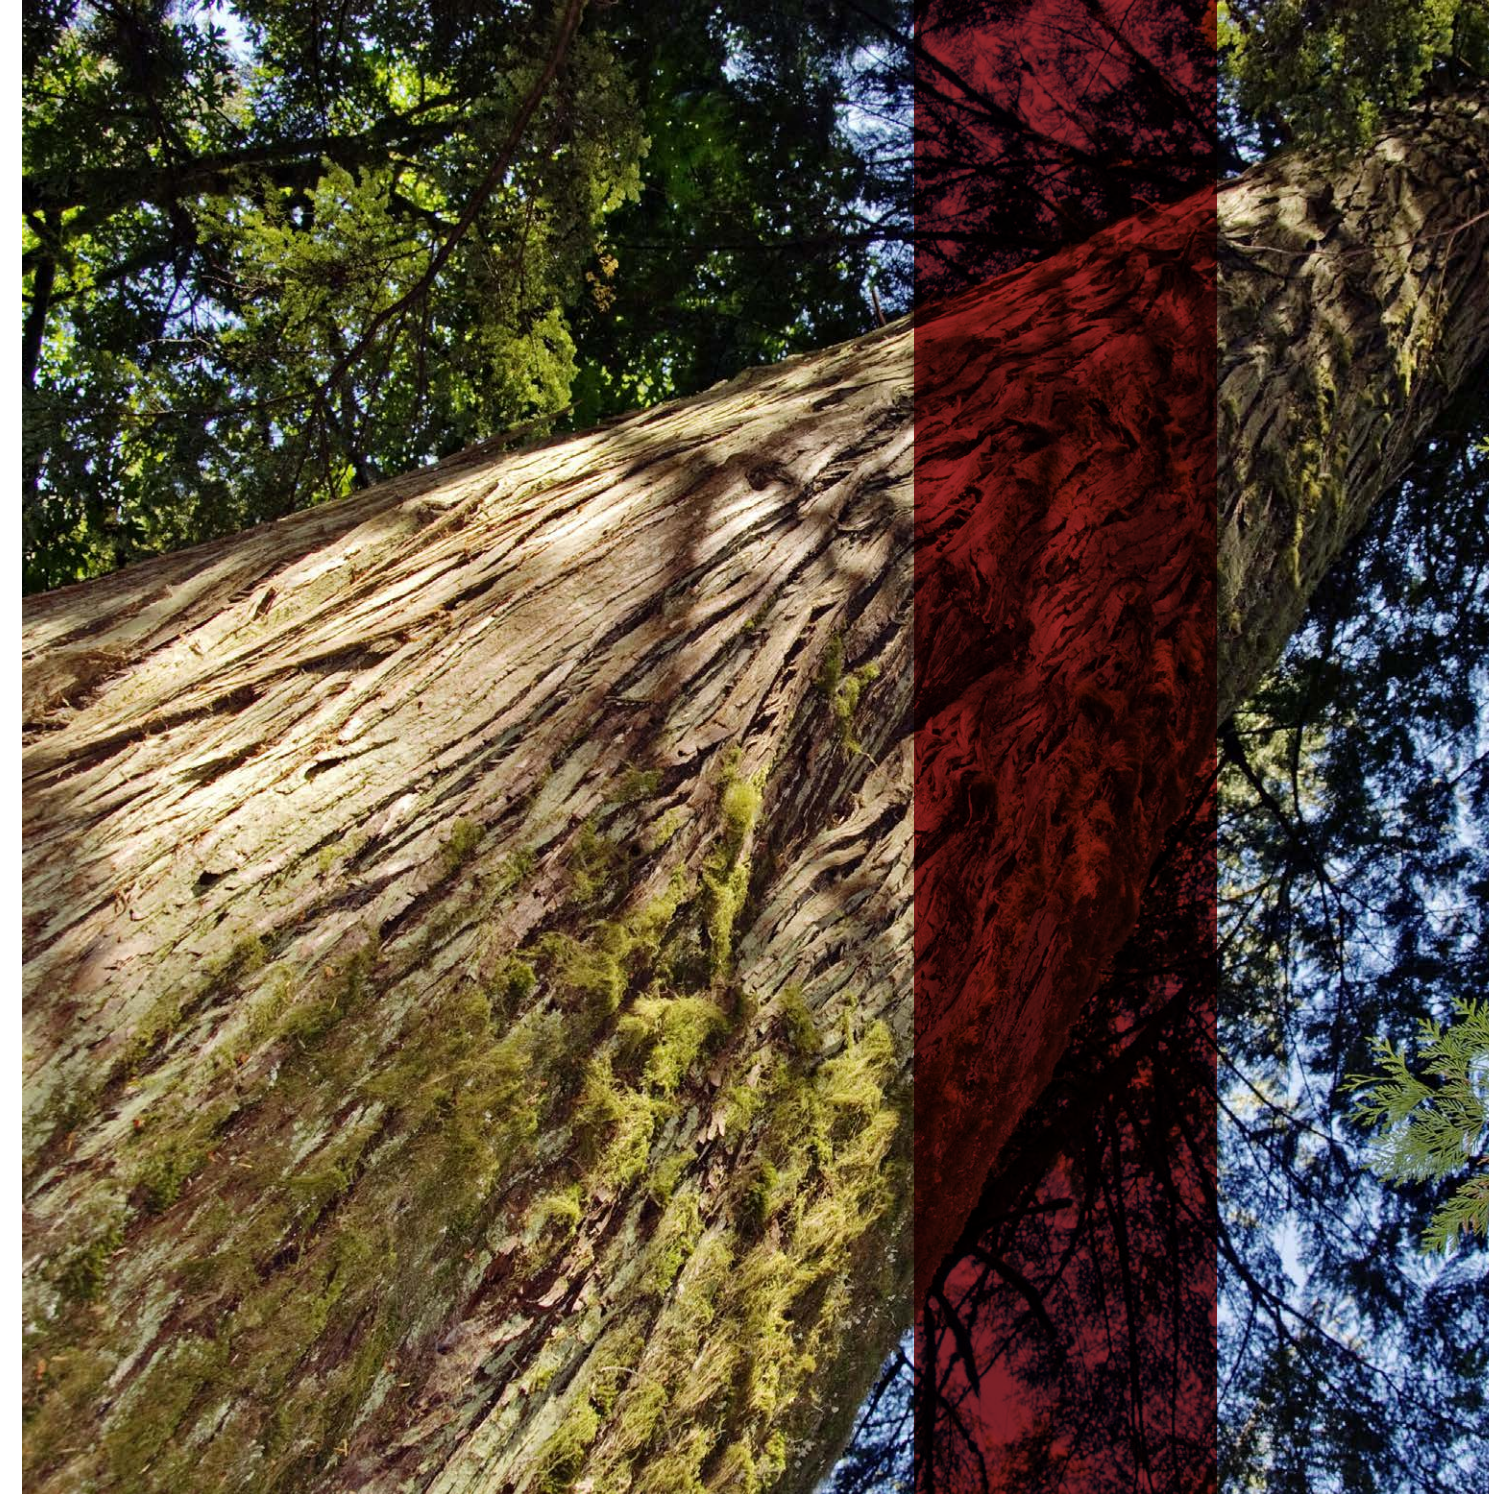

FACTORY COATING

Silva's factory coated cladding is known for its durability and quality finish

Available in a wide choice of colours, our premium coatings are applied in controlled conditions to improve the performance and prolong the service life of your wood.

- Coating applied to all surfaces of wood, which reduces moisture ingress
- Eliminates the variables that affect the quality of a site applied finish
- Extends maintenance intervals
- In most cases, costs less than site application
- No weather delays - on site coatings can't be applied in rain, low temperatures or direct sun
- Significantly improves performance, longevity and appearance

The Silva Advantage

- RIBA approved CPD provider
- Expert advice
- Bespoke profiles
- Fire treatment
- Factory coating
- Full range of ancillary products
- State of the art showroom facilities
- Nationwide delivery service
