

Soundtect Ltd.

Soundtect Ltd. recognizes the importance of environmental protection and will comply with all environmental legislation, regulations and appropriate codes of practice relating to the activities of the company.

We are committed to minimizing the environmental impact of our operations, and will continue to operate accordingly. In particular, we will achieve this through our commitment to:

- Reduce the amount of waste produced;
- Maximize recycling efficiency of manufacturing by-products;
- Zero pollutant emissions;
- Reduce the consumption of raw materials, water, and fuels;
- Reduce and/or limit the discharge of pollutants to water, land and air;
- Use recyclable and renewable materials in place of virgin products where possible;
- Limit noise in and around our plants;
- Minimize risks to employees and members of the public from activities associated with the company.

Soundtect will foster environmental awareness and understanding in all employees, suppliers, customers, and contractors. Where practicable, the company will provide information and assistance to customers on environmental issues arising from its products and services.

Soundtect will continuously review and update the company's policy to satisfy compliance with relevant environmental legislation.
