

Stoneleaf SL11

A1 T1 S1 Best Grade
Natural Roof Slate

STONELEAF

75 Year Guarantee

celtest

NHBC

Stoneleaf SL11 natural roof slate is extremely flat with a smooth even texture. Graded into 2 thicknesses they require very little on site sorting, making them economical to lay. A great choice for homeowners who are looking for a beautiful, durable, and low-maintenance roofing material. The SL11 is considered to be a close alternative to grey Welsh Slate.

Technical Details

Sizes Available:	500x250 Pre holed 305mm 500x300 Pre holed 323mm and unheld 610x305 (24"x12") Pre holed 370mm <small>*Other Imperial and Metric sizes available on request</small>
