

Round Washers

A full range of washers of varying thicknesses, diameters and finishes suitable for many applications.

Standard Round Washers **WSTD**

- Available M6 in bright zinc plated, all other sizes galvanised or stainless steel.

Penny Washers **WP**

- Light duty bright zinc plated washers. Minimum diameter 30mm, 1.5mm thick.

Heavy Round Washers **WRD**

- Large diameter washers for heavy applications. M20 x 60 x 5 available in bright zinc plated, all other sizes galvanised. Stainless steel to order.

SPECIFICATION

WSTD & WRDG

- Hot dipped spun galvanised to EN ISO 1461:2009.

WP & WRDBZP

- Bright zinc plated.

INSTALLATION

- Always ensure that compatible corrosion resistant nuts & washers are used, i.e. do not use galvanised nuts & washers with stainless steel studding or vice versa.
