

AIRING STATION

Deliver Pleasant Changing Room Facilities Suitable for Any Project

Keep visitors' clothes dry, fresh, and odour-free with our Airing Station, a high-quality addition to any premium End of Trip facility. Explicitly designed for changing areas, cycle hubs, and commuter facilities, this unit provides a practical, specification-ready solution for architects and contractors seeking durable, British-made End of Trip products.

Through mechanical ventilation, secure anti-theft fittings, and customisable options, the Airing Station ensures garments and footwear are well cared for throughout the day, enhancing the overall user experience for building occupants. Cycle gear and commuter clothing can quickly become damp and odorous—especially after use in unpredictable British weather. The Airing Station is designed to combat this challenge, helping your building maintain a fresh, professional environment.

- › **Overall Dimensions:** 2000mm H x 600mm W x 600mm D
