

TOWEL STATION

Transform Your Changing Facilities with a Premium Towel Station

As active commuting across the UK continues to soar, delivering high-quality End of Trip facilities remains essential. Our Towel Station is designed to provide a stylish, practical, and hygienic solution for changing rooms, shower areas, and bike storage facilities. Our towel station combines a display and collection unit into one, keeping fresh towels neatly organised and collecting used towels discreetly for easy laundering.

Built with durable, moisture-resistant materials, this station is designed for heavy use in corporate offices, gyms, universities, residential developments and transport hubs. By choosing the Towel Station as part of a project's bike storage solutions, a fully completed End of Trip environment can be created that supports active commuting and enhances well-being, hygiene and end user experience.

- › **Integrated Collection Unit:** Maintains hygiene by storing used towels discreetly
- › **Ample Storage Capacity:** Holds approximately 25–30 towels per unit
- › **Durable Construction:** Moisture-resistant base with MDF or aluminium carcass
- › **Custom Finishes:** Wide choice of laminates and powder-coated options available
- › **Collection Unit:** Integrated for used towels, promoting hygiene
- › **Ventilation:** Optional doors and/or rear ventilation
- › **Made in Britain:** Quality UK manufacturing with short lead times
- › **Bespoke Options:** Made-to-order sizing and finishes available
- › **Nationwide Installation:** Delivered and installed across the UK

TOWEL STATION

Towel Stations with integrated collection units are the perfect accompaniment for any changing room or showering facilities, providing active commuters with a high-quality End of Journey experience that will leave them wanting to return.
