

ANORA 6F

The ANORA6F downlight features a precisely engineered decorative float glass integrating the fixture with the decor. It is an innovative luminaire with a balanced and elegant design offering the highest flexibility.

Superior quality glass with centre hole and a centre frost creates a sparkle effect in decorative applications. When switched OFF it is an interesting design element, when switched ON it takes on a completely new appearance.

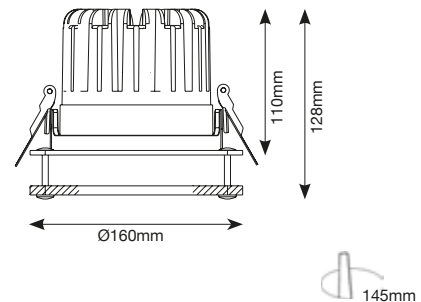

It is ideal for illuminating corridors, hotel lobbies, guest rooms, offices and show rooms etc.

It is available in a circular shape with various dimming options - Triac, 1-10V, DALI and non dimmable.

Please order drivers separately.
