

# CONTILINE

CONTILINE is an IP66 product available in 1000mm length as standard and has been specifically designed to create seamless lines of LED lighting.

Other lengths are available on request and can be considered subject to technical limitations.

The compact design offers a versatile and aesthetically pleasing profile which can be mounted using the installation kit for surface mounted application. CONTILINE is made of aluminium with a PMMA diffuser and is perfect for outdoor applications.

The product is suitable for continuous installation. The cable entry/exit points are located at the bottom to allow the profiles to fit together neatly for seamless light effect. Power supply is integral to the fixture and is designed to be maintenance friendly.

The product is designed for facade lighting, contour lighting and similar other applications both for indoor & outdoor.

Technical Specification	
Length	1000mm
Power Consumption	12W
Input Voltage	220-240V 50HZ
Driver	Integral
Dimmable	1-10V, DALI
Housing	Aluminium
Installation Kit	Aluminium
Diffuser	PMMA diffused
LED Lumen	1100lm/m
IP Rating	IP66
Lamp Life 70	50,000hours
Operating Ambient Temp.	-20°C to +50°C

## Colours Available

<span style="color: red;">●</span> Red	Neutral White - 4000K
<span style="color: green;">●</span> Green	Warm White - 2700K, 3000K
<span style="color: blue;">●</span> Blue	<span style="color: yellow;">●</span> Amber <span style="color: red;">●</span> <span style="color: green;">●</span> <span style="color: blue;">●</span> RGB

## Optics Available

Non-Optic diffused PMMA, 120°
