

LED 2D BULKHEAD 12W

Designed to replace 2D fluorescent light fixtures with LED technology, this 12w IP54 bulkhead delivers all the benefits of high energy efficiency, low carbon emissions and ultra-reliable LED lighting at a competitive price.

Using 24 x High Brightness Samsung 5630 LEDs, this Tryka product produces a high lumen package of up to 960lm, with an LED performance of 80lm/w.

Our high quality PVC housing and frosted diffuser ensure a solid and durable fitting for internal and external application, with a smooth illumination from the light source to reduce glare and enhance the aesthetics of the fitting.

Specification

Input Voltage:	110-240V AC
Max operating temperature:	+70°C
Operating ambient temperature:	-25° to +65°C
Lamp life @ 50°C:	50,000 hours
Dimensions (mm):	330 x H100
Power Consumption (w):	12W
Weight:	1Kg
IP Rating	IP54
Warm White - WWH	2700k-3300k 940lm
Neutral White - NWH	3500k-4500k 950lm
Cool White - WHI	5000k-6500k 960lm

Colours Available

Cool White	5000k-6500k	CRI>85
Neutral White	3000k-4500k	CRI>80
Warm White	2700k-3300k	CRI>75
