

## Whisperwalk

**Description:**

- Multilayered softboard from wood fibres
- FSC certified
- Reduces impact sound
- High walking comfort
- Compensated for minor height differences
- Rigid construction - very suitable for installation under click floors
- Easy to install

**Characteristics:**

Properties	Test method	Typical result
Material		Natural fibres of wood
Shape		Sheets
Impact sound reduction for laminates without attached underlay	ISO 140-8 / ISO 717-2	$\Delta L_w = 17-19$ dB
Thermal resistance	ISO 12667	$\sim 0,06$ m <sup>2</sup> K/W
Compression strength (approx. values)	EN 826	196 kPA
Absorbing of floor irregularities		$\leq 3$ mm
Density (approx. values)		$\sim 300$ kg/m <sup>3</sup>
Compatibility with underfloor heating		Yes

**Demographics:**

Product	Length mm	Width mm	Thickness mm	Quantity m <sup>2</sup>	Weight kg
45080	790	590	4	10,25	2

**Installation instruction:**

Install in combination with a PE film or Moisturebloc Extreme™ if installed on a mineral substrate.

The floor must be clean, dry and flat.

Place the sheets with a half drop displacement of the sheets between the first and second row. Continue until the entire space is covered.
