Cubicle hardware

It's as easy as 1, 2, 3.

Follow these simple steps to choose your perfect colour.

**1**

**Choose a range.**

Your first step is to choose your product from our extensive range.

**2**

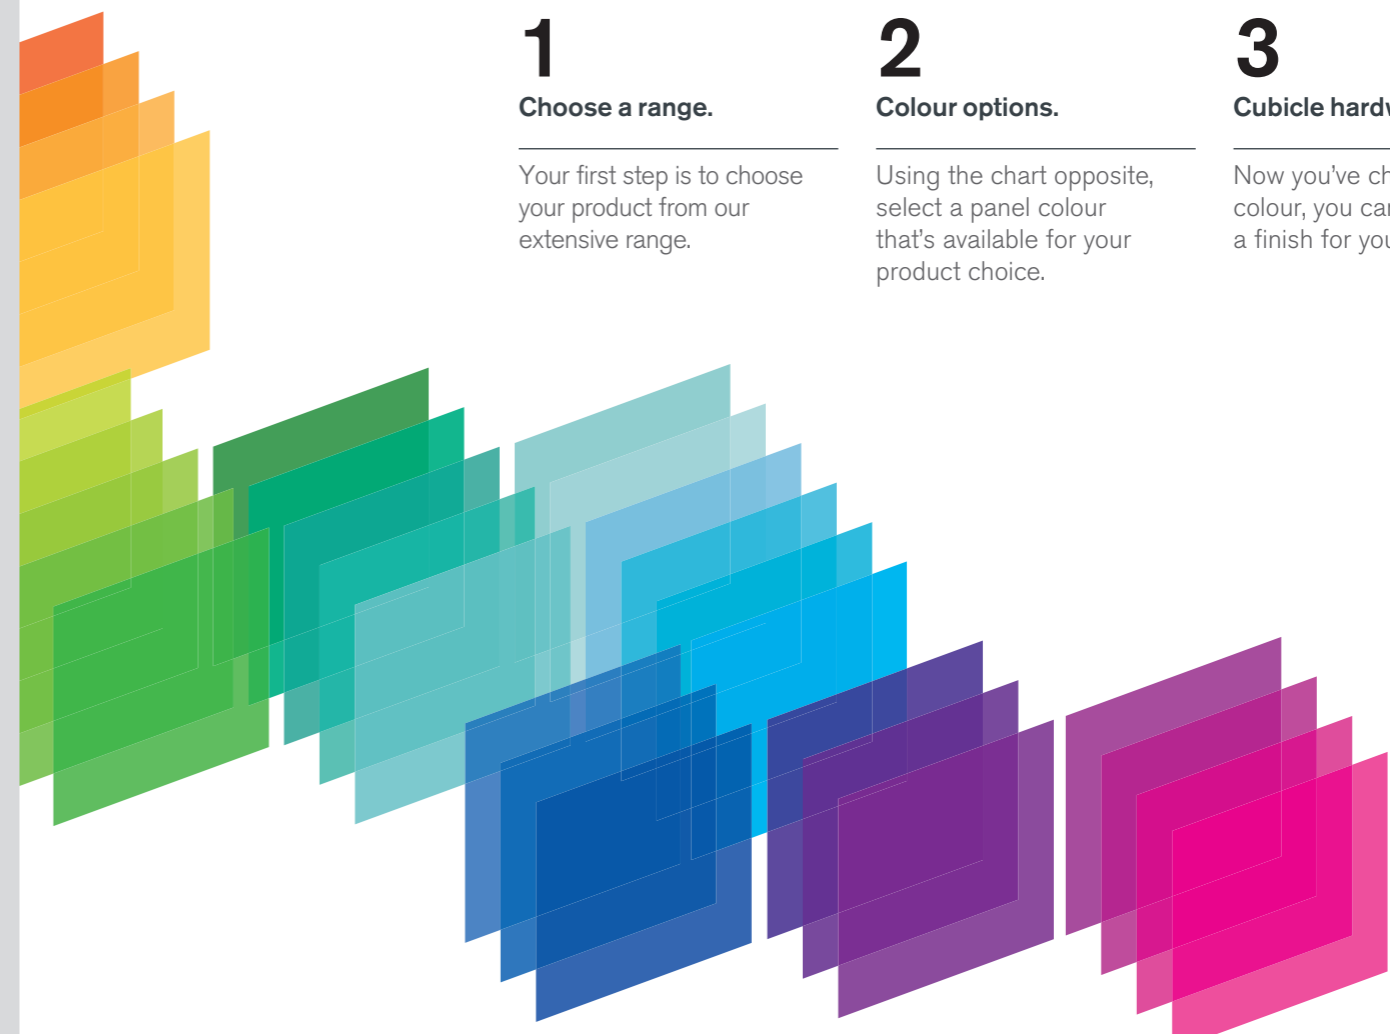

**Colour options.**

Using the chart opposite, select a panel colour that's available for your product choice.

**3**

**Cubicle hardware.**

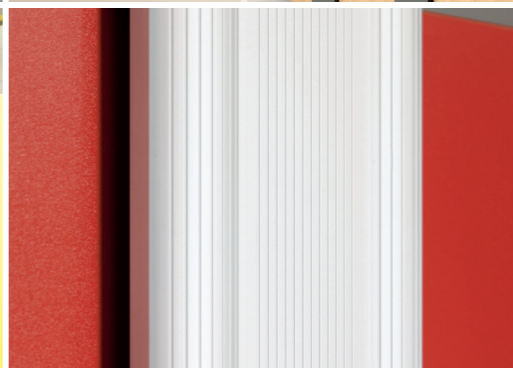

Now you've chosen your colour, you can select a finish for your hardware.

<sup>^</sup> For real wood veneer choices see back of left hand booklet.

# Colour selector

Helping you create a stylish, co-ordinated washroom.

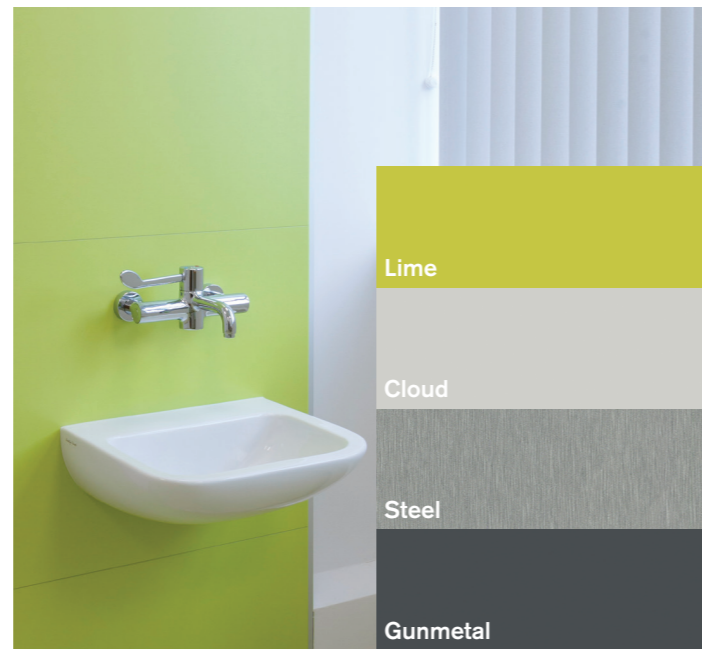

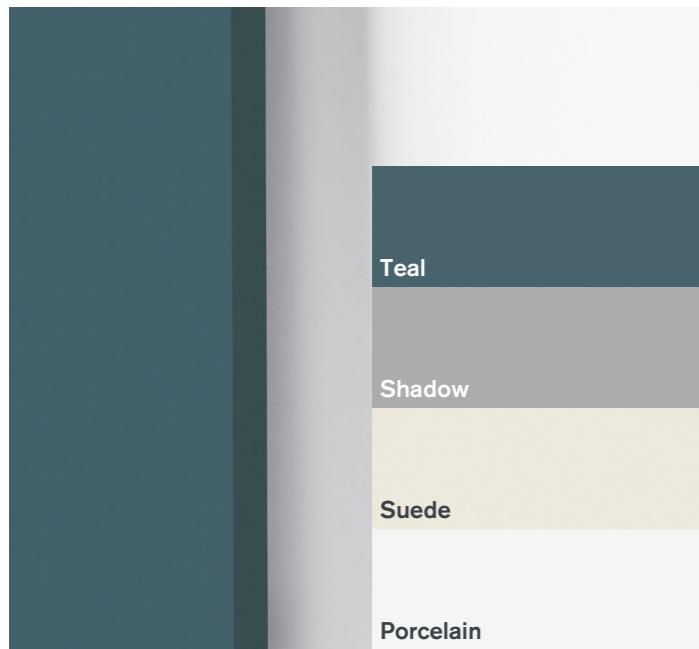

## Accent colour

Used sparingly, accent colours are a great way to create contrast or add extra depth to your overall colour scheme.

A little bit of differentiation goes a long way in any washroom environment. The examples below show the effect you can create with one carefully chosen accent colour.

(Please consult our swatch samples for an accurate colour reference)

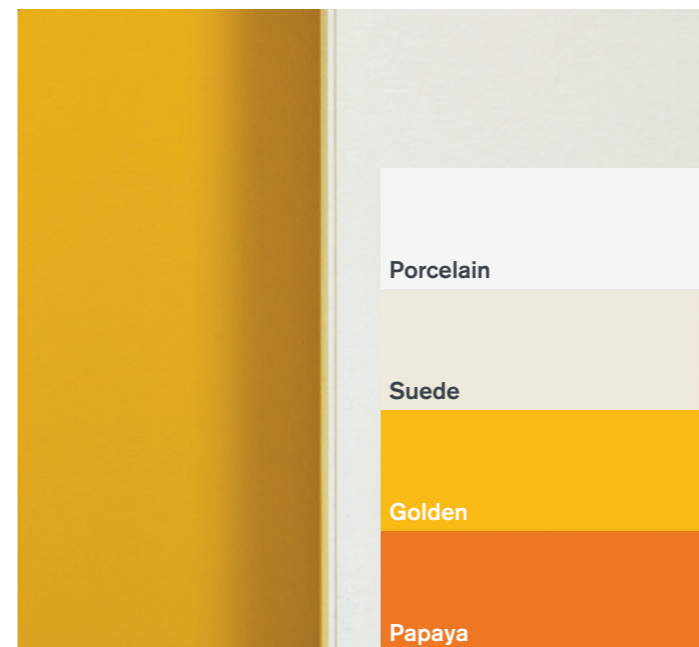

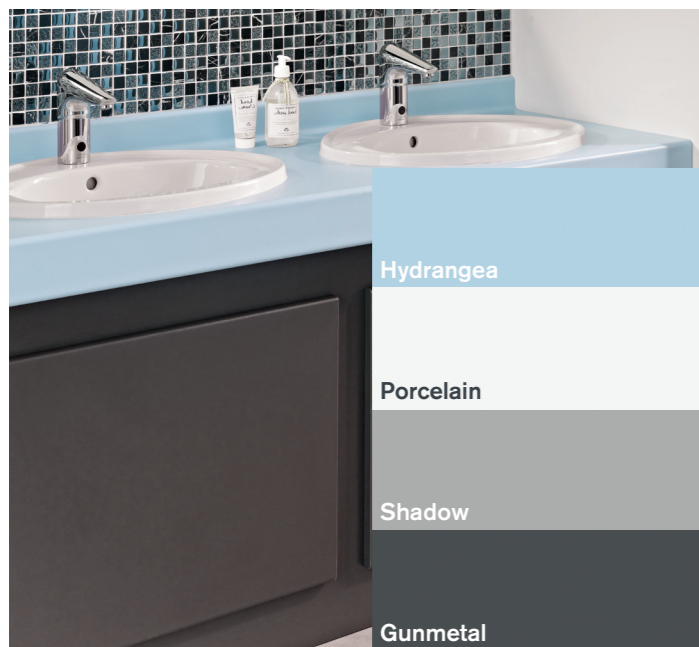

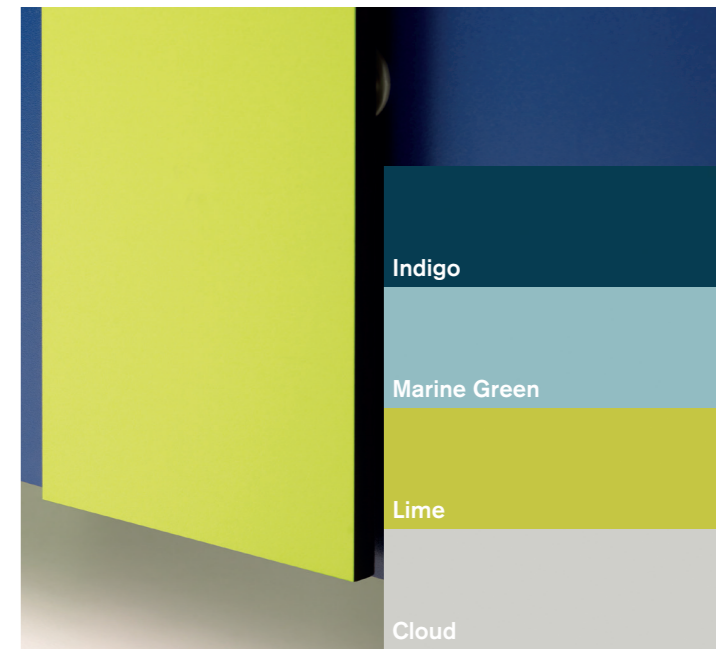

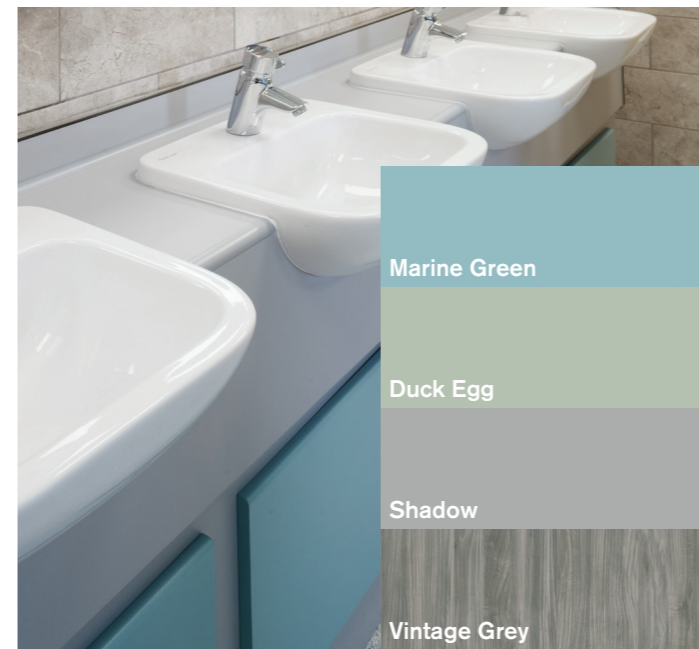

## Colour harmonising

Choose complementary colours for a stunning look that's dramatic without being overpowering.

Harmonising colours is an effective way of making a lasting impact. Ask our friendly sales team and they'll help you choose the optimum colour matches for your scheme.

(Please consult our swatch samples for an accurate colour reference)

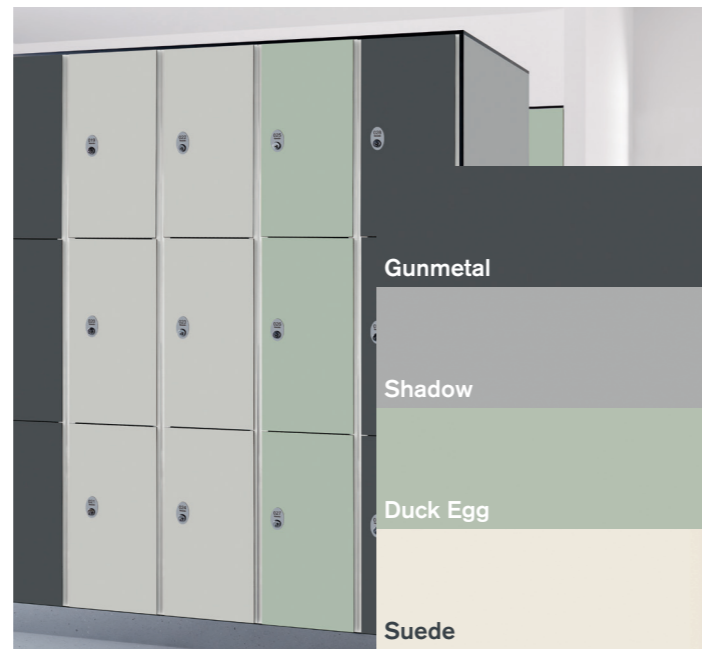

## Tonal colour

Select varying shades of the same colour and you'll produce a balanced, co-ordinated finish.

A blend of tonal colours makes a subtle statement. It's a great way to go when you're looking for a more understated aesthetic.

(Please consult our swatch samples for an accurate colour reference)

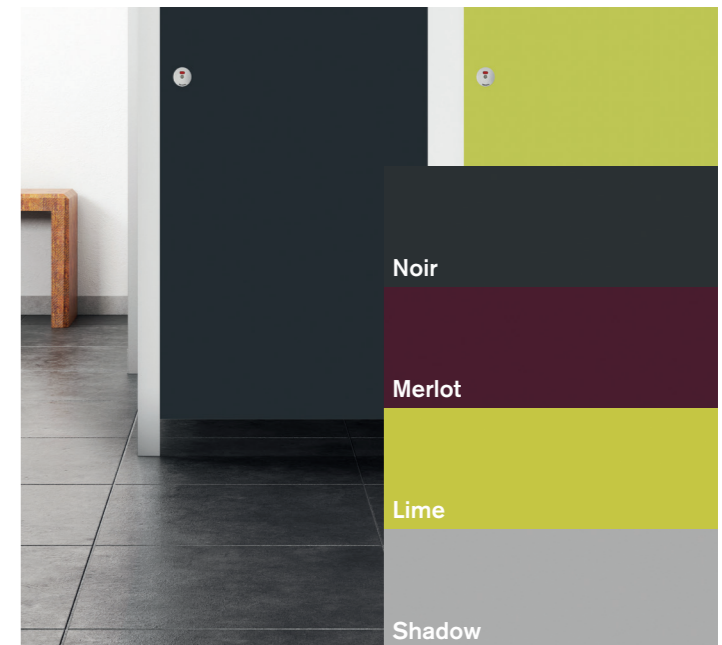

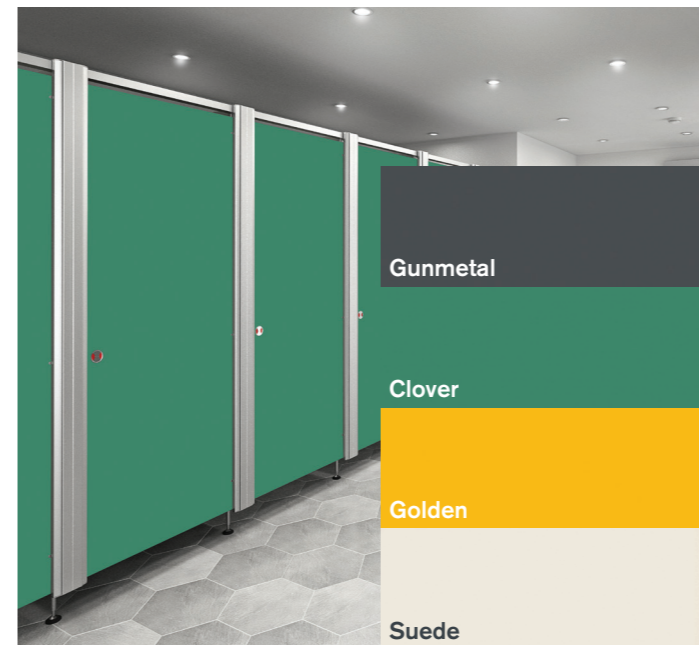

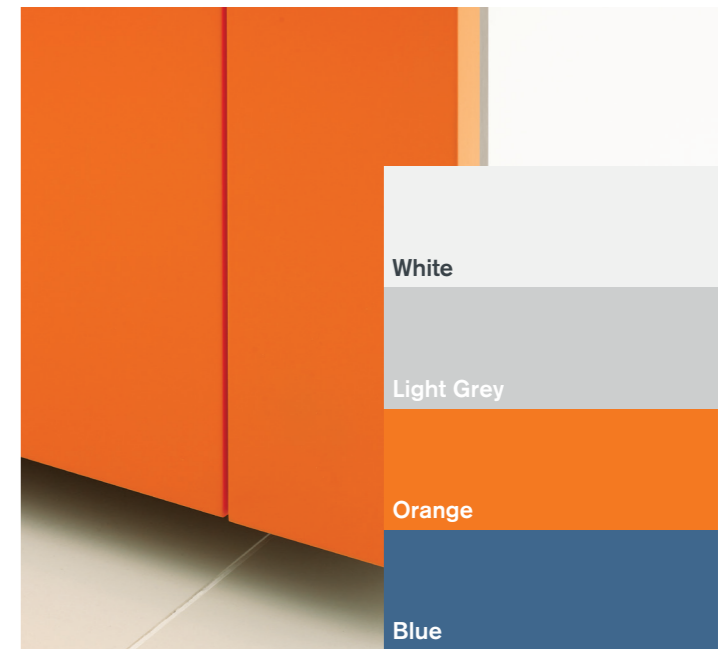

## Contrasting colour

If you're opting for a really dramatic effect, choose contrasting colours.

These bold, bright colours are guaranteed to impress. From bright orange to lime green, if you want to make a big statement, this is the way to do it.

(Please consult our swatch samples for an accurate colour reference)

# Panel colours

We have a range of inspiring colours from neutrals to vibrant and impactful.

## Panel and vanity colours (MFC, HPL and SGL)

All plain colours and wood effects are available with matching ABS lipping. When specifying SGL no lipping is required, as all edges are radiused and polished black.

For your convenience, Luminescence Reflective Values (LRV)\* have been provided to help you ensure compliance with Building Regulations Part M and Equality Act 2010.

\* There should be a 30 point difference in the LRV between adjacent surfaces, for example between pilaster and wall, or cubicle door and floor.

\*\*\* Woodgrain effect in MFC and HPL will have a grained, textured finish.

# Granite, Quartz and Solid Surface vanity surfaces

Our inspirational vanity surfaces are the ideal complement to your washroom.

## Granite

For prestigious washroom environments that require exclusivity.

The very nature of granite depicts individuality - each vanity surface will vary in colour and vein, which reflects the beauty of natural stone.

Choose Blue Pearl for a dramatic effect or Ivory Pink to create a calm, sophisticated ambiance.

**Giallo Veneziano** VEN167

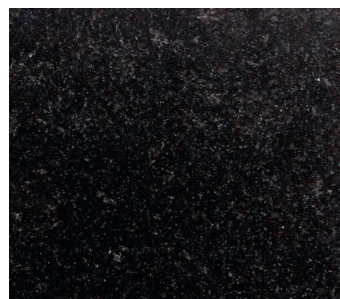

**Rosso Multicolour** VEN168

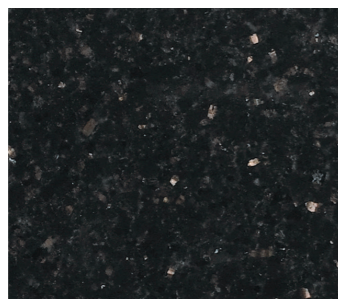

**Blue Pearl** VEN166

**Emerald Pearl** VEN165

**African Black** VEN163

**Star Galaxy** VEN164

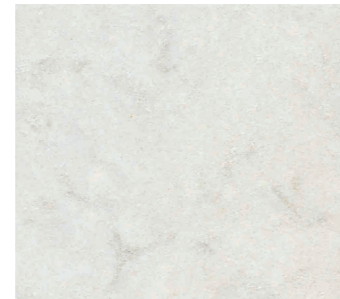

## Quartz

A contemporary vanity surface, combining the stunning visual impact of natural quartz with a resin composite for maximum durability. To create an architectural, engineered appearance, choose from a selection of natural tones with a textured, matt finish.

To add dimension, choose from a palette of highly polished stone effects.

## Solid Surface

A proven blend of minerals and acrylic polymer delivering a stone appearance that ensures colour consistency and durability, while adding a touch of luxury to any washroom.

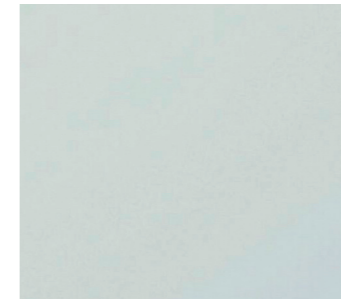

Make an impact with an energetic and vibrant colour like Bamba, or opt for a more muted colour like Katla to create a clean, minimal look.
