

CASE STUDY

# The Boathouse

# The Boathouse

DORKING, SURREY

**Type**  
*Outdoor*

**Duration**  
*2 weeks*

Creating their home on one of the lakes at Bury Hill Fisheries, the owners of the fisheries were keen to align the modern design with sustainable living features, helping the architecture to flow fluently with the surroundings and create minimum disturbance to the peace of the location.

**When**  
*2019*

**Size**  
*23.5m<sup>2</sup>*

Having designed, supplied and installed (and now maintain!) the living walls at The Boathouse, this project has become one of our firm favourites. We're proud to have the ANS Living Wall System as part of such a stunning architectural design.
