Description:

Zaun's **Axiom** perimeter fencing is designed as a contemporary and non-threatening perimeter fencing system which offers not only high quality and long service life but also excellent value. **Axiom** is designed as a low cost perimeter fencing solution for a wide range of applications that are not likely to be subjected to sustained abuse, including commercial sites, schools, industrial estates and more.

Axiom's visually appealing panel has a large open mesh pattern, which helps it blend into its surroundings and is constructed from 5mm horizontal and vertical wires. Each **Axiom** panel is manufactured with has V-beam pressings along the length of the panel to provide lateral rigidity.

Details:

1.73, 1.93 or 2.43 metre high - Axiom Perimeter Fencing

Mesh:

Axiom mesh comprising 50mm x 200mm mesh with single 5mm vertical wires at 50mm centres and 5mm horizontal wires at 200mm centres, with 3 x horizontal V-beams.
